Dear Anne,

From our last conversation I could perceive the voice of a more fulfilled person. This new job is a high point in your professional carrier. I am proud of you.

The distribution of the Father's Gift in Argentina has been very positive. The 140 videos duplicated are almost sold (at \$8.00 each) and more will be done without jackets (there are no more left at Allied for Spanish). They are spread with the ministry of Perpetual Adoration of Fr. Lucia. I am happy for this since this was one of our objectives.

Y don't remember if I told you that in Brazil there is an organization interested in distributing the video. Y have not done anything yet : to ask ALAMO the recorded audio tapes. Y had suffered so much with all that episode that up to now it is hard for me to face it. But we have to learn to overcome repulsive feelings in order to keep going the work of God. The enemy works with those feelings and we have to ask firmly for God's grace to forgive and forget. The money (\$3,000) was never paid. Y hope to recuperate this amount to pay it back to my father. I will tell you when and where to send the Portuguese master.

Anne, if you allowed me, I would like to distribute the video as much as I can at a very low price. None of the two had taken a penny from this and we have already pay the bills. It is good to keep selling them in United States in order have some cash for the distribution elsewhere or for other projects.

What do you think of the Charles de Foucauld video ? For me the music is too low and in some segments almost none. Y put so much love and work in that production !!! Y gave all what I could. I can not be present everywhere...

Well my friend, it's all for now. Y am traveling to Chile, Bolivia and Peru next Monday morning (my boss arrives Friday night). Y will spend a month in the latter country. You can reach me at the following fax :Radio Maria : (51-1) 271-1699.

A big hug,

Fiorella
