

Córdoba, August 27, 1996, St. Monica

My Dear Friend,

St. Monica believed that for God everything was possible even <sup>her</sup> his son's conversions. Shall we believe that He will help us to get the Portuguese version for the "Father's Gift"? Today finally I watched the video with the Portuguese translation. The voices are very good ~~but~~ <sup>but</sup> the main narrator doesn't have the spiritual strength. That was my fear from the beginning... The music can not be accepted.

Mr. Stoll, ALAMO, is surprised that we can get the music and effects in different channels as he was requesting it from the beginning. I am tired of all this *goings* and *comings*.

Before I left Miami I finally talked to Michael Von Zech of Stewart Digital. He was very helpful. He offers two possibilities:

1. Two Betacams. One with the music and the other one with the effects. Each for \$150.00 plus shipping.
2. Two DATS in the same way. \$125.00 each.

I also talked to the dubbing company of Venezuela which I know very well and which work is excellent. He would charge \$336.00 for mixing the Portuguese translation with the M&E. Brazil has to send them a reel with specific characteristics. Alamo can do it. Stewart would have to send a sub-master.

I GO FOR THIS LAS POSSIBILITY. I DON'T WANT TO DEAL ANY MORE WITH ALAMO.

Alamo would charge for the reel and the shipping. Anne pray and think if you want to continue with the dubbing. Remember that I have sent already \$3,000.00 to a group to take care of the jackets and duplications for 1,000 copies. Of course this last amount can be recuperated. I have also pay the translation and there are more expenses from my trip to Brazil. Anne, pray . It has been very, very hard to do this job. Either our Lord really is pleased with it or He is stopping this work. Please let me know tomorrow. I'm travelling to Bs. As. already Thursday and I want to finish with this job as soon as possible. In the next 15 days I won't have any time to take care of this and we have to pay to ALAMO.

Anne, one last favor for our work of the TV series in Argentina which is not free of difficulties (One of our guests, a priest, was murdered 8 days ago and another priest is accused of the murder. They are very attacked because both were Charismatics and worked recuperating drug addicts). **Patrizia in order to open the Bank account needs a very simple letter addressed: "To whom it may be concerned" , with Agnus Dei letter-head, saying the TAX EXEMPT NUMBER AND THE REGISTRATION NUMBER IF ANY.**

Please, send it as soon as possible. She can't proceed with the work without this information.

A last favor: A young lady (20 years old), whose parents I know very well wants to improve her English skills. Do you know a Catholic family with kids that needs a baby sitter for 6 months Please, if any tell it to Patrizia. Thanks. **I' m happy that "The Father's Gift" is one of the top 10 videos sold. All the Glory for Him. My love,**
